

This creative project was shared by the National Button Society.

# 5-POINT STAR ORNAMENTS

NBS encourages "no harm" button jewelry and crafting.  
Buttons and buckles will not be damaged in the creative process.

## **SUPPLIES**

Five craft sticks  
Markers, crayons or paints  
Glue (and clothespins or clamps are helpful)  
Cord, ribbon or string for hanging

## **STICKS**

You can use anything to decorate your sticks, or leave the sticks natural and have the buttons be the only decoration.

When you decorate your star, you can choose to decorate only one side, or both sides.

After decorating your sticks with markers, paint or crayons, lay them out into a star shape, as shown above. Put glue on the bottom stick at the star tips. You can use clothes pins to hold the sticks together until the glue dries.

Once the glue is dry, glue a string, ribbon or cord onto one of the star points for hanging. Then decorate your star with buttons.

You could put glue and glitter on the sticks and buttons or use glitter glue.  
Have fun!
